IDENTIFIERS State Student Incentive Grants

ABSTRACT

Survey data from 1980-81 are presented in extensive tables in this report. An introductory section outlines the cumulative history since 1969-70 of state-funded need-based undergraduate school and grant programs, other historical data, State Student Incentive Grant (SSIG) involvement, and a comparative report for 1979-80 and 1980-81. Section two presents characteristics and organization of the state agencies included (structure, governing body, primary advisory body, etc.). Section three outlines current program characteristics (title, year initiated, frequency of appropriations decisions, application schedule, eligibility criteria, residency and citizenship requirements, budgets used in award computation, funding approaches, forward funding, packaging philosophy, procedures, SSIG funds procedures, bases for maximum awards, agency policy areas, other programs, and other agencies). In section four agency personnel distribution is listed. Section five outlines policy matters related to funding trends, state versus federal control, multiple data entry, need analysis, changes planned in the near future, higher education planning coordination, agency role in higher education planning, court actions pending, and the issues of "purpose" and "reasonable access." The final section provides notes on the survey methodology and state distribution preferences. A directory of the association members is appended. (MSE)

12th ANNUAL SURVEY

1980 - 1981 ACADEMIC YEAR

HE 014 309

NATIONAL ASSOCIATION OF STATE SCHOLARSHIP AND GRANT PROGRAMS

Founded October 26, 1966

PAST PRESIDENTS

1966-67	Arthur S. Marmaduke (California)
1967-68	Joseph D. Boyd (Illinois)
1968-69	Ron Jursa (Michigan)
1969-70	Kenneth R. Reeher (Pennsylvania)
1970-71	Elizabeth L. Ehart (New Jersey)
1971-72	Jeffrey M. Lee (Oregon)
1972-73	Walter G. Hannahs (New York)
1973-74	Richard H. Johnston (Wisconsin)
1974-75	Ronald J. Iverson (Vermont)
1975-76	Hugh Voss (Missouri) and Stan Broadway (North Carolina)
1976-77	Stan Broadway (North Carolina)
1977-78	Haskell Rhett (New Jersey)
1978-79	Kenneth R. Reeher (Pennsylvania)
1979-80	Ron Jursa (Michigan)
1980-81	Eileen D. Dickinson (New York)

National Association of State Scholarship and Grant Programs is an association of states with a general program(s) of scholarship or grant assistance for undergraduate study. Executive officers responsible for program administration represent the state in the Association.

Copies of some earlier surveys are available through ERIC:

7th Annual Survey 1975-76: ED 122661
8th Annual Survey 1976-77: ED 130590
10th Annual Survey 1978-79: HE 011042

For copies Contact: ERIC Clearinghouse on Higher Education
George Washington University
One Dupont Circle, Suite 630
Washington, D. C. 20036

Single copies of this survey and the 11th annual survey may be ordered by sending a check for $1.00 payable to: NASSGP, Survey, c/o PHEAA, Room 211, Towne House, Harrisburg, Pennsylvania 17102. Permission to reproduce and use any part of the survey is given. Copies of survey from other years <u>are not available</u>.

TABLE OF CONTENTS

SECTION 1 - CUMULATIVE HISTORY	Page
History since 1969-70 of State Funded Need Based Undergraduate School/Grant Programs	1
Historical Data	2
SSIG Involvement	3-4
Comparative Report for 1979-80 and 1980-81 Academic Years	5-7
SECTION 2 - AGENCY DESCRIPTION/ORGANIZATION	
Structure of Agency	8
Governing Body of Agency	9-12
Agency Head Reports To	13
Primary Advisory Body	14-18
Other Groups from which Input is Regularly Sought	19-20
SECTION 3 - CURRENT PROGRAM CHARACTERISTICS	
Program Title - Year Initiated - Frequency of Agency Appropriation Decisions	21-23
Application Schedule	24-27
Program Eligibility Criteria (1980-81)	28-30
Other Program Eligibility Criteria	31-32
U. S. Citizenship Requirements - State Residency Requirements	33-36
Budgets Utilized in Computing Need Based State Awards	37-39
Approach to Funding	40-43
Eligibility Priority Given for Funds For	44-48
Forward Funding? - Affective Date - Criterion	49-51
Financial Aid Packaging Philosophy of Agency	52
Program Procedural Arrangements	53-55
Method of Incorporating SSIG Funds Into Program	56-58
Maximum Awards Made to Individual Students are Based On	59-62

Agency Policy Areas 63-66

Comments to Aid Survey Readers to Better Understand Your Agency's 1980-81 Position 67-68

Student, Institutional, or Aid Programs Administered by Responding Agency that are not Undergraduate Need Based Programs with a non-Refundable Grant 69-70

State Funded Student Aid Programs Administered by State Agencies Other than the Responding Agency 71-72

Program Procedural Arrangements 73-75

SECTION 4 - AGENCY PERSONNEL

Personnel Distribution. 76-77

SECTION 5 - POLICY MATTERS

Is Trend in State Toward More or Less Funds? - Would Increased Federal Funds be Matched? - Will New State Funds be Available if Federal Funds are not Increased?. 78-79

Prefer More Federal Control or More State Involvement in Student Aid? - Direction You Feel Schools in Your State Prefer for Control of Financial Aid. 80-81

Impact Anticipated on Programs from the Proposed Single Federal Needs Analysis 82-83

Multiple Data Entry Participation 84

States Who Would Use the Single Federal Need Analysis to Drive Its Programs 85

Significant Changes Planned for Program or Operations in 1980-81. . . . 86-87

Higher Education Planning Coordinated Through 88-90

Role of Agency in Higher Education Planning 91-93

Higher Education Planning Director. 94-96

Court Action Pending. 97

What Specific Decisions Highlight the Purpose of "Access" in Your Program?. 98

What Specific Decisions Highlight the Purpose of "Reasonable Choice" in Your Program? 99

SECTION 6 - SURVEY RECOMMENDATION

Agency Surveys of Campuses. 100-101

States Preferring Fall - Spring Distribution. 102

HISTORY SINCE 1969-70 OF STATE FUNDED NEED BASED
UNDERGRADUATE SCHOLARSHIP/GRANT PROGRAMS

Year	Number of States/Territories	Number of Enrolled Winners	Dollar Awards* (Millions)
1969-70	19	470,000	$199.9
1970-71	21	535,200 (up 13.9%)	236.3 (up 18.2%)
1971-72	23	604,000 (up 12.9%)	268.6 (up 13.6%)
1972-73	29	661,700 (up 9.6%)	315.5 (up 17.5%)
1973-74	31	733,300 (up 10.8%)	364.2 (up 15.4%)
1974-75	37	813,100 (up 10.9%)	440.8 (up 21.0%)
1975-76	48	901,900 (up 10.9%)	510.2 (up 15.7%)
1976-77	55	1,104,400 (up 22.5%)	651.4 (up 27.7%)
1977-78	56	1,161,400 (up 5.2%)	737.0 (up 13.1%)
1978-79	57	1,217,750 (up 4.9%)	789.2 (up 7.1%)
1979-80	57	1,278,429 (up 5.0%)	864.5 (up 9.5%)
1980-81	57	1,319,809 (up 3.2%)	912.0 (up 5.5%)

*All figures except 1980-81 are known enrolled winners with award dollars. 1980-81 are best estimates. All figures are rounded and include both state and federal (SSIGP) dollars.

Beginning with the 1974-75 academic year, the federal State Student Incentive Grant Program (SSIGP) provided funds to assist in the establishment of new and the expansion of existing State Student Scholarship/Grant Programs based upon financial need for at least half-time study in undergraduate programs.

Growth represented since 1974-75 in the historical summary table above, to a large degree, is a response to the new SSIG Program which permits up to a $1,500 annual student award (equal shares of $750 federal/state) in this new form of state/federal partnership.

Funding levels to date for the SSIGP are:

Year	SSIGP Funds
1974-75	$19.0 million
1975-76	20.0 million
1976-77	44.0 million
1977-78	60.0 million
1978-79	63.75 million
1979-80	76.75 million
1980-81	76.75 million

Further information of the SSIGP, a new and most significant state/federal delivery system of providing both access and reasonable choice to financially needy students, can be obtained from the State Student Incentive Grant Program, Office of Student Financial Assistance, U. S. Department of Education, 400 Maryland Avenue, S.W., Room 4004, Rayburn House Office Building, Washington, D.C. 20202. Telephone (202) 472-4265.

OTHER PROGRAM ELIGIBILITY CRITERIA

State	Comments
Alabama	
Student Assistance Program	Full-time enrollment
Arkansas	
State Scholarship Program	Not in default of a NDSL-GSLP or owe a refund to BEOG
California	
Cal Grant B	Family size, income, parental educational background, number of units earned
Bilingual Teacher Development Grant	Must be enrolled in a program leading to a bilingual teaching credential
Cal State Graduate Fellowship	Parental Income) Students from low income families Parental Education) or/and low educated families given "preference" points
Law Enforcement Personnel Dependents Scholarship Program	Dependent of deceased or totally disabled (100%) law enforcement officer injured or killed in the line of duty
Colorado	
Student Incentive Grants	Undergraduate, need at least $100 times months enrolled
Student Grants	Undergraduate
Connecticut	
Contracted Stud. (Ind. Colleges)	Defined by each college
Delaware	
Postsecondary Scholarships	1. Undergraduate at state-supported or non-profit colleges in the state 2. 2 or 4 year degree program 3. Full-time student 4. Good academic standing (as defined by institution) 5. Undergraduate meeting 2, 3, 4 above at colleges in New Jersey or Pennsylvania 6. Undergraduate who meets 2, 3, 4 above enrolled at a college outside Delaware when the program of study is not available at a tax-supported institution in Delaware 7. Graduate students who meet the conditions specified in 6 above
District of Columbia	
Incentive Grants	1. Must be enrolled in eligible postsecondary institution 2. Must be enrolled at least half-time
Indiana	
Freedom of Choice Grants	Must attend approved private institution and demonstrate additional need over state grant or state scholarship
Iowa	
Voc/Tech Tuition Grants	Students must be pursuing a vocational program; liberal arts students are not eligible
Kansas	
State Scholarships	Kansas Resident
Tuition Grants	Need Only
Kentucky	
Grant Program	Full-time, undergraduate, KY eligible institution, need established from CSS application, satisfying academic progress and no financial arrears with Agency or participating institutions
Louisiana	
Incentive Grant	Full-time student
Massachusetts	
General Scholarships	Applied for BEOG
Consortium Scholarships	Institutions select recipients following guidelines adopted by the Board of Higher Education. This is a small program to provide funds for students enrolled in private sector programs not available in public sector institutions in the same Consortium area within the state. Funds are allocated to institutions by the BHE in proportion to number of eligible students in eligible programs. Maximum institutional allocation is $15,000.
Michigan	
Competitive Scholarships	2.0 GPA, attend eligible Michigan school, good moral character
Tuition Grants	Good moral character; attend eligible Michigan private college or university
Missouri	
Student Grants	Student cannot be working toward theology or divinity degree. Ten semester eligibility limit.
Montana	
Incentive Grants	Undergraduate

OTHER PROGRAM ELIGIBILITY CRITERIA

State	Comments
New Jersey	
Garden State Scholarships	Class Rank
Ed. Opportunity Fund Program	Educationally and economically disadvantaged students with maximum income not exceeding $12,000. Must be a full-time student.
Garden State Graduate Fellowships	Letter of recommendation
North Carolina	
N.C. Student Incentive Grant	Enrolled full-time and in good standing in an N.C. postsecondary institution in a program of study not leading to a religious vocation.
N.C. Legislative Tuition Grant	Enrolled full-time as an undergraduate student in a N.C. private college or university in a program of study not leading to a religious vocation.
Board of Governors Medical School	Candidates must be admitted to at least one of the N.C. medical schools.
Board of Governors Dental School	Candidates must be admitted to the School of Dentistry at UNC Chapel Hill.
Brooks Foundation School	Awarded to graduating seniors attending accredited H.S. on basis of academic standing, character and leadership. Scholarship may be applied for undergraduate study at N.C. State University, University of N.C. at Chapel Hill, University of N.C. at Greensboro.
Turrentine Foundation School	Students must be from Alamance County and been accepted for admission for undergraduate study at N.C. State University, University of N.C. at Chapel Hill, University of N.C. at Greensboro.
Ohio	
Instructional Grants	Must be a full-time student; must make appropriate progress toward bachelors degree, associate degree or hospital school or nursing diploma each term.
Oregon	
Need Grant) Cash Award)	Undergraduate students, limited to 12 terms or 8 semesters, cannot be used in program leading to degree in theology, divinity, or religious education.
Pennsylvania	
Higher Education Grants	1. Full-time 2. Undergraduate 3. Program of 2 yrs. (minimum) 4. Academic program 5. Satisfactory character
South Dakota	
State Indian Scholarship	Financial aids officer determination of need is utilized in the determination of award
Tuition Equilization Grants	Awards are prohibited to students enrolled in theology degree programs, students in religious education and/or students receiving athletic scholarships.
Tennessee	
Student Assistance Awards	Affidavit of Independence for emancipated students under 27 years of age (whose parents do not sign FAF or FFS)
Texas	
Tuition Equalization Grants	At least half-time enrollment, no athletic scholarship, not enrolled in theological degree plan, eligible to pay Texas resident fees
Public Education Grants	Enrolled at least half-time in Texas college or university, not an alien, only 10% to out-of-state students
Vermont	
Incentive Grant Program	High school diploma or equivalency certificate, full-time, undergraduate (except for UVM Medical College and Veterinary College)
Virginia	
College Scholarship Assistance Program	1. VA domiciliary residence for 12 consecutive months. 2. Enrollment at an eligible in-state institution. (2 or 4 year, degree granting) 3. Enrollment in an eligible program (generally, one not in religious training or theological education) 4. Full-time status.
Tuition Assistance Grant Program	1. Virginia domiciliary residence 2. Full-time undergraduate enrollment 3. Enrollment at a private college or university in VA 4. Enrollment in a program other than one in religious training or theological education; no previous bachelor's degree
Washington	
Need Grant Program	Must be undergraduate; enrolled full-time (12 hrs.)
American Somoa	
Scholarship Program	School recommendations, personal references

State/Program	*Other Citizenship Requirements
California	
Law Enforcement Personnel Dependents Scholarship Program	- Yes, by virtue of built-in eligibility due to dependency rule
Kentucky	
Grant Program	- Same as federal program
Montana	
Incentive Grants	- Montanans
Nebraska	
Incentive Grants	- U.S. National
Ohio	
Instructional Grants	- Hold immigration visa
Tennessee	
Student Assistance Awards	- Priority given to U.S. citizen

State/Program	**Other State Residency Requirements
Arizona	
Incentive Grant Program	- Must prove 12 month domicile
Connecticut	
Contracted Student (Ind. Colleges)	- Single at time of acceptance, married at time of registration
District of Columbia	
Incentive Grants	- 15 months
Florida	
Student Assistance Grants	- 2 years
Illinois	
Monetary Award Program	- Immediate if dependent
Indiana	
All Programs	- 6 months prior to academic year
Iowa	
All Programs	- 12 months as non-student (8 hours or less per term)
Kentucky	
Grant Program	- Same as Council on Higher Education
Missouri	
Student Grants	- Exception can be made for a dependent student who has lost eligibility in home state due to move
Nebraska	
Incentive Grants	- This varies among institutions
Nevada	
Student Incentive Grants	- Use school criteria
North Dakota	
Tuition Assistance Grant	- Same as residence for tuition purposes
Student Financial Asst.	- Eligible if resident for tuition purposes
Oregon	
Need Grant	- Dependent students' parents must reside in state
Cash Award	- Dependent students' parents must reside in state
Tennessee	
Student Assistance Awards	- Parents of dependent applicant must be residents. Emancipated students must provide satisfactory evidence that the reason for coming to state was other than attending school.
Texas	
Tuition Equalization Grants	- Qualify through statutory exceptions
Wyoming	
Incentive Grants	- As defined by school
American Samoa	
Scholarship Program	- 24 months

Other:

Alabama	- Personal expenses not to exceed $500.
California	- Input from school re: tuition and room and board.
Colorado	- Necessary expenses such as child care.
Connecticut	- All educationally related costs.
Delaware	- Budget standard Dependent = $2,000, Independent = $2,000, with one dependent = $4,100, with two dependent = $5,100 (etc.).
Florida	- Uniform state budgets are used for non-instructional costs.
Illinois	- Transportation, books, personal expenses. Only tuition and fees and room and board.
Indiana	- Miscellaneous expenses allowed up to an amount set by Agency. State Agency distributes guidelines for schools to submit budgets for approval by State Agency.
Iowa	- $500 miscellaneous and transportation. Using tuition, fees, and room and board reported by school.
Kansas	- Miscellaneous or unusual on individual basis.
Louisiana	- Described as miscellaneous. LASFAA proposes standard budget to ESCES; adopted by Board.
Michigan	- Additional living costs.
Minnesota	- $1,000 personal expense - includes books.
Nebraska	- This varies among institutions.
New Jersey	- Institutional budget.
New York	- Tuition only. No budget.
North Carolina	- Medical student equipment. Instrument costs. Supplies.
North Dakota	- Same budget use for all applicants, determined by Agency.
Ohio	- Awards based on family income number of dependent children and type of school attending - public or private. No need analysis performed. Tables of grants established by law.
Oregon	- Personal expense, child care.
Pennsylvania	- Books and supplie allowance of $350.
Rhode Island	- Actual tuition plus fixed allowance for cost as determined by Agency.
South Dakota	- Other BEOG - eligible cost of attendance.
Tennessee	- School supplies, tuition and fees, room and board information. TSAC add standard figures for books, personal expenses, travel and (in the case of commuting student) transportation and home maintenance.
Texas	- Reviewed/approved by Agency.
Washington	- Personal and incidental.
West Virginia	- Request data from individual schools. However, Agency standardizes (establishes parameters) for certain components of budget.
American Samoa	- Health insurance.

APPROACH TO FUNDING

(Includes some professional and graduate programs not included in other tables)

State	Student Eligibility Determined by Law and All Eligible Students Receive Aid	Fixed Appropriation Is Made and the Amount of the Appropriation Determines the Number Eligible	Other
Alabama			
Student Assistance Program		X	
Arizona			
Incentive Grant Program		X	For the institution provided match, the institution determines which students with need get grants.
Arkansas			
State Scholarship Program			Presently, all students are eligible until our first cutoff date. Pro-rata occurs if the number of recipients exceeds dollars appropriated.
California			
Cal Grant A			Number of new grants legislatively specified. All renewal applicants with need qualify.
Cal Grant B		X	
Cal Grant C			Number of new grants determined by the state legislature.
Bilingual Teacher Development Grant		X	
Cal State Graduate Fellowship			Student eligibility defined by law. Highest ranking eligible students are awarded depending on funds.
Supervised Clinical Training Program		X	
Law Enforcement Personnel Dependents Scholarship Program		X	Up to $15,000 per year.
Colorado			
Student Incentive Grants			Legislature determines appropriations. Institutions determine number to be aided.
Student Grants			Same as above.
Graduate Grants			Same as above.
Connecticut			
State Scholarship Programs Undergraduate		X	
State Supplemental Work-Study Grants		X	
State Scholarship Graduate Award Program		X	
Contracted Stud. (Ind. Colleges)			Student eligibility defined by law. Not all eligible students receive aid.
Delaware			
Postsecondary Scholarships		X	
District of Columbia			
Incentive Grants			Awards are guaranteed to continuations and provided to eligible initial students according to application date as far as funds are available.

APPROACH TO FUNDING

State	Student Eligibility Determined by Law and All Eligible Students Receive Aid	Fixed Appropriation Is Made and the Amount of the Appropriation Determines the Number Eligible	Other
Florida			
Student Assistance Grants			Student eligibility defined by law and the amount of the appropriation determines the number of awards (based on relative need) that can be made.
Georgia			
Student Incentive Grant Program		X	
Hawaii			
Student Incentive Grants			Student eligibility defined by state program rules and regulations. All eligible students receive aid up to fund availability.
Idaho			
Student Incentive Grants		X	
Illinois			
Monetary Award Program		X	
Indiana			
State Scholarships			Law defines some requirements but also state's commission will set rules governing eligibility (i.e., application deadline).
Educational Grants			Same as above.
Freedom of Choice Grants			Same as above.
Iowa			
Scholarship Program		X	
Tuition Grant Program		X	
Vo-Tech Tuition Grants		X	
Kansas			
State Scholarships		X	
Tuition Grants		X	In theory, all eligible students will receive awards. Only one year was program not funded at projected demand.
Kentucky			
Grant Program		X	
Louisiana			
Incentive Grant		X	
Maine			
Incentive Grants		X	
Maryland			
General State Scholarships			Take students in sequence provided in the law and meet one-third of need after BEOG impact. Then help as many as funds allow.
Senatorial Scholarships			Students selected from application roster. Most get $300 to $600 awards.
Proprietary School Grants			Take those with greatest need and meet percent of need. Also distribute between categories of schools.

APPROACH TO FUNDING

State	Student Eligibility Determined by Law and All Eligible Students Receive Aid	Fixed Appropriation Is Made and the Amount of the Appropriation Determines the Number Eligible	Other
Massachusetts			
General Scholarships		X	
Consortium Scholarships			Not applicable.
Michigan			
Competitive Scholarships		X	
Tuition Grants			Eligibility defined by law. Awards issued in descending need order until funds exhausted.
Minnesota			
Scholarship Program			Student eligibility defined by law. Students are awarded until funds run out. In theory, a student could be eligible but not receive funds.
Grant-in-Aid Program			Same as above.
Mississippi			
Student Grants		X	School determines distribution.
Missouri			
Student Grants		X	
Montana			
Incentive Grants		X	
Nebraska			
Incentive Grants			This is a decentralized program that operates with alternative matching by the institutions.
Nevada			
Student Incentive Grants			Alternate matching.
New Hampshire			
Incentive Grants		X

Other:

California - Specific number of grants authorized for new applicants. Upper division and graduate students pursuing a bilingual.
Connecticut - Defined by each college.
Georgia - Priority given to those who submit completed application on first come basis until funds are exhausted.
Illinois - Except deadlines.
Iowa - Scholastic priority.
Maryland - Persons with lowest family contributions for education and those with highest SAT.
Michigan - Financial need in descending order.
Minnesota - Scholarships first - then grants.
Missouri - Highest need.
Nebraska - This varies among institutions.
New Mexico - 50% to initial students and 50% to renewal students.
North Carolina - Neediest students by date applications received. Residents of Alamonce County, North Carolina.
Ohio - Priority given to lowest income.
South Dakota - Awards are prohibited to students enrolled in theology degree programs, students in religious education and/or students receiving athletic scholarships. Indian blood descent and sophomore or above.
Tennessee - Freshmen, U. S. citizens.
Texas - Priorities set by schools.
Virginia - Neediest for 1980-81. There are two application dates. Those who file on or before the first date receive priority for full awards in the event that all applicants cannot receive full awards.
West Virginia - Applications are grouped into 3 categories. Within each category all applicants (no distinction made between dependent or independent ranked in asending order on basis of contribution. The initial selections will occur from the renewal category, then incoming freshmen and finally current upperclass.

METHOD OF INCORPORATING SSIG FUNDS INTO PROGRAM

Alabama	
Student Assistance Program	Added to appropriations and distributed by individual checks along with state money.
Arizona	
Incentive Grant Program	Run 2 Programs: 1) With state funds and federal SSIG money 2) With institution funds and federal SSIG money
Arkansas	
State Scholarship Program	Added to appropriation and distributed with state money
California	
Cal Grant A	Added to appropriations and distributed with state money
Cal Grant B	Distributed along with state money
Cal Grant C	---
Colorado	
Student Incentive Grants	Added to appropriation for distribution except for sectarian institutions that contribute their own match
Connecticut	
State Scholarship Programs *Undergraduate*	Added to appropriation and distributed along with state money
Contracted Stud. (Ind. Colleges)	SSIG funds are not incorporated in this program
Delaware	
Postsecondary Scholarships	Kept separate and issued only to undergraduate recipients
District of Columbia	
Incentive Grants	The D.C. State Student Incentive Grant Program is operated independently
Florida	
Student Assistance Grants	Added to appropriations and distributed only with state money
Georgia	
Student Incentive Grant Program	Added to appropriations and distributed along with state money
Hawaii	
Student Incentive Grants	SSIG is the only student grant program administered by this agency
Idaho	
Student Incentive Grants	Federal and state funds distributed to institutions, who then add-on institution match to make complete award
Illinois	
Monetary Award Program	Added and distributed generally within SSIG guidelines
Indiana	
State Scholarships	N/A in Scholarship Program
Educational Grants	---
Freedom of Choice Grants	N/A in Scholarship Program
Iowa	
Scholarship Program	Used to match each scholarship payment
Tuition Grant Program	Very few SSIG funds are used in this program
Voc/Tech Tuition Grants	Used to match each grant payment
Kansas	
State Scholarships	Added to appropriations & disbursed with state funds
Tuition Grants	---
Kentucky	
Grant Program	Federal recipients may have other state funds added beyond the 50/50 match. All agency grants are issued as KHEAA State Grants whether federal or state SSIG or KTG or some combination

METHOD OF INCORPORATING SSIG FUNDS INTO PROGRAM

Maine	
Incentive Grants	Added to state money to make one fund
Maryland	
General State Scholarships	Added to state funds under General State Program and distributed along with state funds (50%/50%)
Senatorial Scholarships	No SSIG in Senatorial Program
Proprietary School Grants	None used at this point. Perhaps in future years.
Massachusetts	
General Scholarships	Added to state appropriation and distributed with state money - neither student nor institution know to whom SSIG funds are applied
Consortium Scholarships	Not Applicable
Michigan	
Competitive Scholarships	Added to appropriation and distributed along with state money
Tuition Grants	Tuition grant recipients receive no SSIG
Minnesota	
Scholarship Program	Not eligible for the scholarship program
Grant-in-Aid Program	SSIG is calculated at the end of the academic year and is awarded to students who meet the criteria. This avoids refunds and recalculations.
Mississippi	
Student Grants	Added to appropriations and distributed along with institutional matching funds
Missouri	
Student Grants	Distributed to specific applicants
Montana	
Incentive Grants	Added to the appropriation with non federal matching funds requested from colleges
Nebraska	
Incentive Grants	SSIG funds are the program. The institution sends its matching funds to the state and those funds plus the federal funds are returned to the institution for distribution to the students.
Nevada	
Student Incentive Grants	Kept separate and issued to specific applicants based on special parameters.
New Hampshire	
Incentive Grants	Distributed with state funds
New Jersey	
Tuition Aid Grants	Added to appropriation and distributed along with state money
Garden State Scholarships	Not incorporated
Ed. Opportunity Fund Program	None
Basic Scholarships, Incentive Grants, Public Tuition Aid Grants, "Old" Tuition Aid Grants	Not incorporated
Garden State Graduate Fellowship	---
New Mexico	
Incentive Grants	Added to appropriations and distributed along with state matching funds
New York	
Tuition Assistance Program	Add to appropriations and distributed with state dollars
Regents Scholarship Program	N/A
North Carolina	
N. C. Student Incentive Grant	---
N. C. Legis. Tuition Grant	Does not apply
North Dakota	
Tuition Assistance Grant	N/A
Student Financial Assistance	Added to state appropriation, distributed along with state dollars

METHOD OF INCORPORATING SSIG FUNDS INTO PROGRAM

Ohio	
Instructional Grants	Kept separate and issued to specific applicants based on special parameter
Oregon	
Need Grant	SSIG funds are added to state appropriations and distributed under same parameters
Cash Award	Not incorporated into this program
Pennsylvania	
Higher Education Grants	Added to appropriation and distributed along with state money
Rhode Island	
Scholarship & Grant Program	Added to appropriation and distributed as part of awards
South Carolina	
Tuition Grant Program	Separate accounts are maintained for state and SSIG dollars
South Dakota	
State Indian Scholarship	---
Tuition Equalization Grants	Not at all
Tennessee	
Student Assistance Awards	Added to appropriations and distributed along with state money
Texas	
Tuition Equalization Grants	Kept separate and issued to specific applicants based on special parameters
Public Education Grants	SSIG is the key to size of program (which becomes SSIG + match)
Utah	
Incentive Grants	State appropriation alloted separately to institutions - SSIG funds (federally) are issued as requested
Vermont	
Incentive Grant Program	Added to appropriation and distributed along with state money
Virginia	
College Scholarship Assistance Program	SSIG funds are added to the state appropriation and distributed with them
Tuition Assistance Grant Program	N/A (not funded through the SSIGP)
Washington	
Need Grant Program	They are added to appropriations and distributed with state money. A file is kept showing the amount of SSIG funds utilized by each institution.
West Virginia	
Higher Ed. Grant Program	Funds are added to the state appropriations and awarded in customary fashion
Wisconsin	
Tuition Grant Program	Part of TIP component of WHEG - for Disadvantaged/ High Need Students
Higher Ed. Grant Program	Included as part of the TIP component of the WHEG Program. Serves exceptionally needy, disadvantaged students.
Indian Student Assistance	Part of TIP component of WHEG - for Disadvantaged/ High Need Students
Wyoming	
Incentive Grants	They are the only state administered funds
American Samoa	
Scholarship Program	Kept separate and issued to specific applicants based on need

STATE	OTHER BEOG APPLICATION REQUIRED AS CONDITION OF ELIGIBILITY
Colorado	- Required for all students who are potentially eligible.
Illinois	- But we assume they will apply.
Maryland	- But strongly urged.
Texas	- But recommended.

STATE	OTHER BEOG DATA UTILIZATION
California	
California State Graduate Fellowship	- Only for fifth year pharmacy or optometry students.
Colorado	
Student Incentive Grants	- Subtracted from need before award package is calculated.
District of Columbia	- Verification of data reported on D.C. application.
Florida	- All students encouraged to apply. SEI is printed on student award and rejection letters. Student records are checked if there is a wide discrepancy in SEI and TFC.
Illinois	- Our BEOG estimate.
Indiana	
State Scholarships	- Subtracted from maximum additional aid allowed after state award, possibly reducing state award if maximum aid is smaller than BEOG.
Educational Grants	- Subtracted from maximum additional aid after state award, possibly reducing state award.
Freedom of Choice Grants	- Subtracted from maximum additional aid allowed after state award, possibly reducing state award if maximum aid is smaller than BEOG.
Iowa	- Used to verify student's basic grant.
Kentucky	- Verification of application.
Nebraska	- This varies among institutions.
New York	
Tuition Assistance Program	- Ruled duplicative only for incarcerated students.
Ohio	- To identify students who have not applied to state program. Such students are sent state forms and encouraged to apply.
Oregon	
Need Grant	- BEOG and state grant combination cannot exceed 90% of student's need.
Cash Award	- The combination of BEOG and cash award may not exceed 100% of financial need.
Washington	- BEOG data is used only in studies and research done by the council.

STATE	OTHER NEED CONCEPTS USED
California	
Supervised Clinical Training Program	- Based on school furnished incremental cost data.
Connecticut	
Contracted Students (Ind. Colleges)	- State law for this program provides that "the amount of aid to be given an individual student shall be determined by the individual college and shall be consistent with the student aid program as defined by the college."
District of Columbia	- Award varies according to need after other aid and family contributions are considered.
Kentucky	- Absolute for SSIG; relative for KTG portion.
Louisiana	- Maximum of $700.
Maine	- Award = Cost of Attendance - Family Contribution and BEOG + .
Massachusetts	- Based on category of institution chosen: $300 payment for public in-state; $600 payment for public out-of-state; $900 payment for private in-state or out-of-state.
Nebraska	- This concept varies among institutions.
New Jersey	
Garden State Graduate Fellowship	- Not required.
New York	
Regents Scholarship Program	- Flat $0 < 50 grant.
North Carolina	
Legislative Tuition Grant	- A capitation program not need based.
Board of Governors Dental Scholarship	- Pays all tuition and required fees plus a $4,000 per year stipend.

STATE	OTHER NEED CONCEPTS USED
Ohio	- Awards are applied only to fees. If fees are less than award, the award is reduced.
South Dakota	
Health Professions Loan Program	- Program not based on need. Incentive program to bring students back to the state to practice health professions.
Tennessee	- Applicants are ranked by parental contribution. Awards vary depending on tuition and fees. Recipients may not receive more than amount of tuition and mandatory fees or $1,800, whichever is less.
Virginia	
Tuition Assistance Grant Program	- N/A. Tuition Assistance Grant Program is not a need based program.

STATE	OTHER INDEPENDENT CRITERIA UTILIZED
California	
Cal Grant A	- Student must be independent for three prior years.
Cal Grant B	- Student must be independent for three prior years.
Cal Grant C	- Student must be independent for three prior years.
Bilingual Teacher Development Grant	- Student must be independent for three prior years.
California State Graduate Fellowship	- Student must be independent for three prior years.
Law Enforcement Personnel Dependent	- California standards.
Iowa	- The dependent model and a revised budget is used for independent students over 30.
Louisiana	- Not claimed on parental tax returns, not living with parents, not receiving funds from parents.
Maine	- Get status from the College Scholarship Service.
Massachusetts	- Basically federal except we consider married students independent.
Montana	- College Scholarship Service.
Nebraska	- This varies among institutions.
New Jersey	
Tuition Aid Grants	- Federal plus $1,600 income in base year.
Educational Opportunity Fund Program	- Federal and criteria established by the New Jersey Educational Opportunity Fund Board of Directors.
Basic Scholarship Program, Old Tuition Grant Program, Public Tuition Aid Program, Incentive Grants	- Federal plus special state requirements.
New York	
Tuition Assistance Program	- Tax dependency question asked for only two years.
Ohio	- Student must not have resided with parents, been claimed as a tax exemption by parents, received no financial support from parents during previous year, current year, or subsequent year.
Pennsylvania	- Veteran, out of high school six years or more, or compliance with three criteria demonstrating nonsupport from parents and demonstrating sufficient resources to be independent.
South Dakota	
Indian Scholarship Program	- Indian by blood descent.
Vermont	- Financial independence must be demonstrated for one additional prior year than the federal requirement.
Virginia	
Tuition Assistance Grant Program	- N/A. Because need is not a criterion for eligibility, the student's financial dependence or independence is irrelevant to this program.
Washington	- Students must be financially independent of their parents for five years. They may still apply if they submit parental data and meet other eligibility criteria.
American Samoa	- Agency developed criteria.

COMMENTS TO AID SURVEY READERS TO BETTER UNDERSTAND
YOUR AGENCY'S 1980-81 POSITION

State	
Alabama	Faced with insufficient income to meet the demand for education dollars, the legislature reduced grant funding in 1980-81 to the point that only 52% of allotted SSIG dollars will be matched.
Colorado	We continue to operate a decentralized program relying extensively upon higher education institutions for program administration.
Connecticut	We intend to submit legislation to the 1981 legislature which would consolidate state student aid programs.
Delaware	This is the second year of operation for this program under centralized administration.
Florida	Approximately one out of five timely, eligible, needy applicants are awarded.
Georgia	SSIG program in Georgia is still underfunded. First priority is to secure full funding of this program.
Idaho	The state of Idaho is experiencing a rather dramatic loss in revenue, necessitating a holdback of state general account money. The SSIG has been assessed a holdback of $2,600 so far. Any holdback of state matching funds can be made up with institutional matching funds.
Illinois	Limiting $1,900 maximum to only those students with extensive financial need. About 13,000 applicants who would have applied after September 15, 1980, for 1980-81 will not be assisted.
Indiana	Our Agency did not have adequate funding to full fund grants or freedom of choice for the 1980-81 academic year. Freedom of choice was funded at 75% per student award and grants ranged from a 35% to a 75% funding level per student based upon TFC categories.
Iowa	State is faced with a mandatory 3.6% cut in funds. Further prospects for additional funding for 1981-82 are not good. Agency will temporarily be in a status quo position.
Kentucky	Projected shortfall in state revenue necessitates budget cuts throughout state government. The KHEAA budget must be reduced by $400,000 for the current fiscal year. Thus, some agency services have been reduced or cut altogether. Student grants have not been reduced. However, no school changes are being processed for the spring semester. Major data processing changes have been postponed for a year, and mass mailing of FAFs to high school seniors by KHEAA has been discontinued for 1980-81.
Maryland	1980-81 is our first year of total year computer services, so we will be happy after such transition year. No major problems but a lot of hard work.
Massachusetts	First year of change from portability to reciprocity. Separate awards for nursing eliminated; now part of general scholarship.
Michigan	Competitive scholarships had a $6,000,000 shortfall. All awards reduced by $250 per recipient. No funds available for late tuition grant awards; such awards have been made in most years.
Minnesota	General state budget reductions. Lost funds t replace BEOG reductions in order to save data processing. Create other savings from other programs. The scholarship and grant expenditures are reported to MHECB in lump sum in many cases. For the purpose of this survey, this total expenditure figure has been divided into 42% for scholarships for 1980-81 and 58% for grants for 1980-81.
Missouri	Changes in student enrollment patterns and increases in maximum award amounts will probably result in substantial numbers of unfunded eligibles after two years of full funding.

COMMENTS TO AID SURVEY READERS TO BETTER UNDERSTAND
YOUR AGENCY'S 1980-81 POSITION

State	
Nebraska	This agency acts in the capacity of a state coordinating agency with advisors, not governing authority. It also serves as the state 1202 commission and/or the administration of federal grants and passthrough funds. The agency addresses specific studies mandated by the legislature and develops studies and reports as it deems necessary to provide a statewide perspective of postsecondary education. The total agency budget over $1 million with only $75,000 appropriated by the state for operation.
Nevada	Nevada only has SSIG and operates on alternation matching structure. No state appropriation currently. Facing Proposition 13 type problem in near future.
New Jersey	Under restraining management and fiscal controls following a substantial 1979-80 overexpenditure.
North Carolina	With respect to the loan program, we have simply been inundated with applications. The grant programs have been operating smoothly for several years.
Ohio	Because of reduced state revenues, the state budget has been reduced 3% across the board. Another 5% cut is expected in January, 1981. An 8% cut in the OIG program may result in reductions of some students' awards.
Oregon	In the 1979-81 biennium the state of Oregon was short $204 million in revenue, causing reductions in state expenditures. As a result, grant amounts were frozen at 1979-80 levels, and the application/award criteria were adjusted to make available funds cover the eligible pool of students.
Pennsylvania	Appropriation increase has not been sufficient to permit program adjustments in order to offset inflationary increases in income. This has resulted in rejection of an increasing percentage of applicants.
Rhode Island	RIHEAA has been phasing out an old scholarship program one year at a time and phasing in a new scholarship and grant program. 1980-81 seniors will be the last class covered by the old program.
South Carolina	2,000 eligible students have applied but not received awards for 1980-81.
South Dakota	State funding is very low due to a lack of general fund revenues. The state has increased tax rates, broadened the tax base, and has cut budgets without being successful in meeting a lack of tax revenue. The state cannot go into debt. Many programs are not being funded as a result.
Vermont	In fiscal year 1981 we receive an 11% increase in applicants which is lowering our level of assistance by $100.
Virginia	Although funding for the CSAP was not increased for the 1980-81 academic year, the number of applicants has increased by some 7,000. As a result, the number of students assisted and the size of awards offered have decreased.
Washington	Slightly more funding available; has allowed a 10% increase in grant amounts to neediest students. Number of students aided estimated to increase due to lower program attrition.
West Virginia	For the first time ever, the program failed to receive an increase in state funds. With no increase, coupled with increased costs, a decline in the number of selections has resulted. The current pool of eligible applicants for which no funds exist (approximately 1,000 currently) is the largest at this stage of the year in six years.
Wisconsin	Facing across-the-board cuts in state funded program of 4.4%.

STUDENT, INSTITUTIONAL, OR AID PROGRAMS ADMINISTERED BY RESPONDING AGENCY THAT ARE NOT UNDERGRADUATE NEED BASED PROGRAMS WITH A NON-REFUNDABLE GRANT

Comments

Alabama	- Due to the fact that educational demands are increasing at a greater rate than tax income, only 52% of the allotted SSIG funs for 1980-81 will be matched.
Alaska	- State loan program is not related or dependent in any way upon federal funds.
Arkansas	- We are seeking a rather large increase in state funding to accommodate our legislative recommendation of an increase in the maximum from $300-$900.
Colorado	- Not necessarily, but increased federal funds are likely to result in decreased state funds.
Delaware	- There is presently a great deal of interest in student aid in Delaware. We anticipate some action will be taken by the General Assembly in the next session (January - June, 1981). This is a high priority for the Postsecondary Education Commission.

	Comments
District of Columbia	- It is anticipated that the state will match the 1980-81 allotment. If this is not done, we expect to match it from third party resources.
Florida	- State funding has increased from $360,000 (1972-73) to $9 million (1980-81).
Georgia	- Probably not to any appreciable degree. At the present time, our SSIG funds are overmatched. Due to problems with the economy, it is difficult to determine future possibilities.
Hawaii	- Depends on the fiscal resources of the state and the program priorities established by the executive and legislative branches of government.
Idaho	- The State Board of Education has requested more state matching funds from the legislature, but with present revenue projections, the prognosis is not good.
Illinois	- Modest increases anticipated.
Indiana	- This will be discussed by the legislature this year. It seems the general opinion is "no." In order to fully fund our programs presently, with no cutback in federal funds, we need additional funds. It does not seem reasonable to assume the state would be receptive to picking up a cutback from the federal government at this time.
Iowa	- Although Iowa may be in for a year or two of retrenchment, the trend in student aid appropriations has been steadily upward for the past ten years.
Kansas	- Our state has been modest in its programs, but has provided reasonable increases each year.
Kentucky	- Uncertain.
Maine	- State does not care about federal funds. At present level.
Maryland	- Federal SSIG is a good motivation for increased state effort and passage of new state legislation as needed.
Massachusetts	- Despite our historical underfunding, it is becoming more difficult to receive increases in legislative appropriations. This year, we were essentially level funded.
Michigan	- The future state economic fortunes are very unclear and unstable due in a large part to auto industry problems.
Minnesota	- Dependent upon general state revenue situation.
Missouri	- Already greatly overmatched by state funds.
Nebraska	- Currently, the state of Nebraska does not appropriate an amount equal to match the federal SSIG allotment. Those state owned or controlled institutions receive an amount that is designated for SSIG matching. However, this is incorporated in their budgets and no separate or direct appropriation is made for the federal SSIG program in total.
New Jersey	- State funding is controlled by the annual appropriations cycle. Additional funds tend to be approved as a result of tuition increases and general cost of education increases.
New Mexico	- Possibly.
North Carolina	- This state is required to operate on a balanced budget. We do not print "funny money." We must live within the limits of our financial capabilities. It is not likely that higher education will get an increasing share of scarce tax revenues in the near term.
North Dakota	- With inflation and a statewide crop failure, it is unlikely that any agency will be given an increase. Our state does not like to have the heavy hammer of the federal government requiring more state expenditures with the ultimate possibility that the "soft" money will dig up and leave the states holding the entire bag.
Oregon	- At the present time, the state's fiscal position is not good. All agencies have experienced a 15% reduction in state funds for 1980-81. However, the trend in higher education financing appears to be one of "high tuition, high financial aid." As tuition increases to keep up with inflation in the cost of instruction, increases in state supported financial aid appear likely to offset these cost increases for needy students.
Pennsylvania	- After four years of level state funding (1974-75 to 1979-80) modest increases (averaging 4%) were received during each of the last two years. Continued increases may be forthcoming regardless; however, increased federal funds requiring a state match would enhance the likelihood of increased state funds.
Rhode Island	- Not necessarily.
South Dakota	- A shortfall in government revenues will continue a "tight money" appropriation situation for the next three to four years unless economic conditions improve. Most programs will be happy to survive the problem, let alone see any significant funding increases.
Vermont	- Depends on state revenues.
Virginia	- The increases in funding we anticipate will reflect inflation but little else. In effect, funding will remain constant. Increased federal funds (through SSIG) would be matched through the overmatch found in the current appropriation.
West Virginia	- Contingent on state revenues and increases in student charges. Funding could "level off" if state financial picture remains uncertain.
Wisconsin	- Wisconsin, like most states, is having fiscal problems. How changes in federal funding would impact the state depends on "strings" and state's fiscal situation at that time.
Wyoming	- The state has no grant programs.

State	Prefer More Federal Control or More State Involvement in Student Aid?			Direction You Feel Schools in Your State Prefer For Control of Financial Aid:

Prefer More Federal Control Or More State Involvement In Student Aid

Alabama - Prefer balance at present. If continuous changes and proposed changes could be eliminated for a period of time, the current could possibly be good.

Colorado - Prefer States assuming more responsibility.

Hawaii - Each State has its own unique problems/requirements/needs and should be given the flexibility to correct its problems and determine its needs without too much federal direction and control.

Illinois - Our State purposes are not necessarily the same as federal purposes.

Iowa - Federal contracts fail to allow for the vast differences among state programs and priorities. Federal direction creates a paperwork overload and unnecessary administrative expense at both State and Federal levels.

Maine - Feds too positive. States need more flexibility.

Maryland - The Federal has not yet motivated States and institutions to put forth reasonable aid efforts. The Federal far outweighs the other.

Michigan - Currently the Feds are calling most, if not all of the shots, which needs to be altered to provide greater "outside" participation.

Minnesota - State policy is designed for an effective partnership which we believe should involve less prescriptive regulation.

Nebraska - It is receptive to more Federal funds with less Federal control.

New Jersey - Federal programs should continue as a National base with each State assuming responsibility for additional programs based on its own needs and commitments.

North Dakota - We know far better than the Feds what unique needs our State has, and what solutions may work. Let the Feds use the BEOG for their ends, and let us use SEOG, CWSP, NDSL, SSIG to further our needs.

Oregon - States such as our are committed to aiding our students and have a better understanding of the need for funds and how they should be distributed.

Pennsylvania - Impact of direct funding of students through BEOG and increasing BEOG per student is impacting on state determination of its higher education offering - should be more federal support directly to State Student Aid Program.

Rhode Island - Federal program tends to be formula oriented rather than real need oriented e.g. BEOG off-campus allowance of $1,100 for living expenses.

South Dakota - We must remember the "Golden Rule"- he who has the gold makes the rules. Changes from the HEA reauthorization address many state concerns and we are satisfied with the federal/state balance as found in law.

Texas - Our stand on the "All non-profit institutions" issue is an example.

Washington - The balance is good but the States could provide more assistance in the FISAP process by conducting studies concerning distribution and utilization of funds, aggregate need by State and awarding of supplemental funds.

Wisconsin - State's should administer the BEOG Program.

Wyoming - States, based on local requirements should have more control over where funds go.

Direction You Feel Schools In Your State Prefer For Control of Financial Aid

Colorado	-	Schools would prefer a reduction of both State and Federal direction and control.
Georgia	-	For schools the control does not seem to be the issue, but rather the timing of issuances from Washington. Last minute changes or directions certainly disrupt the Financial Aid Community.
Illinois	-	The state remains more sensitive to relative need and is helping families not helped by Federal Grant Programs.
Minnesota	-	From the schools there are mixed reactions to this question.
Missouri	-	The schools in our State are not certain how they feel about this issue.
North Dakota	-	Schools would prefer to strengthen the campus based program with the State Agency as a support system.
Oregon	-	Schools would prefer fewer outside controls with the schools being responsible for delivering Aid to students based on their own priorities.
Pennsylvania	-	Increased flexibility for the Financial Aid Officer.
Rhode Island	-	Maybe some variation between Private and Public Schools.
South Dakota	-	The State Association of Financial Aids Administrators would like to see more flexibility in the administration of campus-based programs and a greater role in setting the direction of programs at the State and Federal levels.
Texas	-	Schools have a wide variety of opinion.
Wisconsin	-	They (schools) would probably opt for more control themselves.
Wyoming	-	We are not in a position to know detailed views from schools. However, we do see an antagonism toward programs that do not encourage student responsibility.

IMPACT ANTICIPATED ON PROGRAMS FROM THE PROPOSED
SINGLE FEDERAL NEEDS ANALYSIS

State	
Alabama	Limited effect. We currently utilize BEOG full data tape for needs analysis information. Obviously, programs will have to be adjusted/revised to meet new tape format of single federal needs analysis system if tape is available.
California	Probable student and parent confusion. Difficulty in packaging increased.
Colorado	To the extent that needs analysis produces family contribution expectations that are the same as those produced by uniform methodology, we expect no change.
Delaware	Impact will probably be minimal depending on the extent of computerization in the future.
Florida	The single federal needs analysis form will mandate our Agency to develop a supplemental application form to collect state specific data requird by Florida statute governing the Florida Student Assistance Grant.
Georgia	Probably; the comparisons have not yet been made.
Illinois	The new taxation rate on assets will bring pressure upon our current system of needs assessment. May force change as to when applications are to be received.
Indiana	Our Agency has residency requirement for eligibility to our program. Currently, we have an overprint on the CSS form which allows us to collect specific data needed. From our understanding, the free form would not make provisions for this.
Iowa	ICAC contracts with ACT for data processing. The change in forms and the impact of a central processor will likely be significant.
Kansas	If state agency overprints on applications becomes a problem, then we'll have problems. If that topic is resolved, then no problems. The impact on the analysis may be great but no way of knowing now.
Kentucky	Reevaluate our application procedure.
Maine	We get good service from the College Scholarship Service. Federal program will be too inflexible. All states will have to do it their way. With small amount of money available, states may get out and go own way.
Maryland	Would mean more applications, but perhaps greater difficulty in controlling the timing of applications and in seeking the unique student information needed for our many state programs.
Massachusetts	There will be an impact on our operation whether we decide to use this format or not.
Michigan	Impact will depend upon final federal action. Depends upon if a uniform methodology exists or just a "federal system." If federal need determination will change, it will be carefully reviewed by our office prior to a decision.
Minnesota	We must obtain specialized information on residency, high school rank, and previous college attendance. The single form may not provide a way to obtain this information.

State	
Missouri	By 1982-83, we will be prepared to use BEOG tape input if necessary but hope to have the option of state agency questions on the forms. We are also concerned about the impact of need.
New Hampshire	Depends on federal need analysis model.
New Jersey	Will have to reevaluate our eligibility and application relationship.
North Carolina	We'll be forced to accept the federal system and discard the present private systems.
North Dakota	We would have to use it and hope that it were more responsive to the real world than the BEOG system. Imperfect as it is, a needs assessment model is far preferable to the BEOG type of rationing system.
Oregon	The criteria for awarding and reviewing of the application will be altered. Less information available may necessitate an additional form or more validation requirements placed on schools by the state.
Pennsylvania	Increased pressure on PHEAA to adopt the single need analysis for use in state program.
Rhode Island	Can't tell at tnis point.
Tennessee	We don't know at this point the nature of the impact.
Texas	We do not yet know just how the single form will affect us.
Utah	Institutionally.
Vermont	Don't know. Will have to wait until Higher Education Act becomes law and impact is reviewed for 1982-83.
Virginia	Any change in procedure would affect the administration of our programs. It is possible that some changes would affect the policies behind our programs as well. If, for example, the schedule of expected family contribution changes significantly, the calculation of CSAP awards is likely to be adjusted to reflect that change.
Washington	Completely, unless states acquiesce to the methodology of needs assessment proposed by the federal system and use the measurement for the administration of state student financial aid, the process is complicated rather than simplified. States could end up using two independent measurements of need for student financial aid: one for state, and one for federal.
West Virginia	Unless there will be space available to incorporate state questions, it will necessitate reinstituting separate agency application forms. The adoption of the BEOG computating over the UM would directly impact on eligibility for state aid both in terms of eligible students and dollars required.
Wisconsin	Impact uncertain since federal plans and services to state are unknown at this time.

MULTIPLE DATA ENTRY PARTICIPATION

Currently, Pennsylvania is the only state involved in Multiple Data Entry as an official MDE processor under contract with Basic Grants. In answer to the question "do you anticipate participating in the next three years" Connecticut answers "we will participate only if the Feds mandate that the BEOG needs analysis be used for the Federal campus-based programs" and the other respondents either checked "No" or left the question blank. All states using CSS, ACT, or Basic Grant applications to drive their state programs are participating in Multiple Data Entry in a passive way, but there is apparently little sentiment for active participation outside of Pennsylvania in the near future.

STATES WHO WOULD USE THE SINGLE FEDERAL
NEED ANALYSIS TO DRIVE ITS PROGRAMS

State	
Alabama	If available.
Arkansas	Probably.
Colorado	Institutions conduct our needs analyses.
Connecticut	Yes.
Delaware	Yes.
District of Columbia	If it does not conflict with our current procedures.
Florida	Yes.
Hawaii	Based on current understanding of program.
Indiana	It seems that in addition to the form, we would have to reinstate a state scholarship and grant application.
Iowa	If possible, ICAC will cooperate. The processor, of course, must be able to deliver comparable services. We will require adequate provision for the state data needs.
Kansas	I don't see how we can do otherwise. Our legislation requires a nationally recognized system.
Kentucky	Provided additional information can be gathered by using overprinted questions on the forms.
Louisiana	It would require a change in policies and procedures, but it could be arranged.
Maryland	But we would still need certain information unique to Maryland state grant programs.
Minnesota	If this could be adapted to our needs.
Missouri	If ACT and CSS are not reasonable alternatives. Processing our own forms is less desirable than using the federal form, but just barely!
Montana	Yes.
New Hampshire	Yes.
North Dakota	If that is the only option, of course we would use it.
Oregon	The benefits of a single form for all programs have been established in our state. It would be a top priority to maintain those benefits.
South Dakota	Only to the extent that end-product data is used in making state-based student financial aid awards.
Virginia	Yes.
West Virginia	The federal system would be adopted providing there was not a drastic alteration in the amount the family is expected to contribute as compared to current expectations.
Wisconsin	If federal government could provide the same level and quality of service as private agencies (for example, CSS/ACT).

STATES WHO WOULD CONSIDER USE OF THE SINGLE FEDERAL
NEED ANALYSIS TO DRIVE ITS PROGRAMS
BUT WOULD REQUIRE FURTHER ANALYSIS

State	
Arizona	This would be up to the institution's financial aid officer.
Georgia	Unknown at this time.
Maine	Maybe. If we have to, we will consider it.
Massachusetts	Unclear at this time.
Michigan	Depends upon the system.
New Mexico	Possibly.
North Carolina	Uncertain at this time, but probably would be forced to adopt the federal standard. Most schools in the state would use the federal standard and, thus, would we.
Pennsylvania	Close evaluation of single need would be made in light of state objections. Modifications would be required to target state dollars and special categories.
Rhode Island	Probably, but could choose option of continuing uniform methodology if provided.
Tennessee	Possibly.
Utah	Unknown at this time.
Vermont	Depends on the components and results of the new system.
Washington	Unknown at this time.

SIGNIFICANT CHANGES PLANNED FOR PROGRAM
OR OPERATIONS IN 1980-81

State	
Alabama	None.
Alaska	None.
Arizona	Possible inclusion of part-time students in SSIG.
Arkansas	Increase maximum award from $300 to $900. Change name of program from Arkansas State Scholarship Program to Arkansas State Grant Program. Academic requirement from high school and college GPA to satisfactory academic progress as defined by the institution.
California	Legislation was enacted this year authorizing a fifth year in the Cal Grant A and B programs for students in fifth year undergraduate programs. Legislation was also enacted that requires institutions to participate in at least two of the three federal aid programs in order to be eligible to participate in state programs.
Colorado	None.
Delaware	We plan to make use of ACT and CSS magnetic tape services to automate the evaluation of applicant's need.
District of Columbia	None
Florida	Unknown.
Georgia	Program changes will be made in accordance with Federal Reauthorization Bill. The North Georgia College ROTC Military Scholarship Program will be implemented for the 1981-82 award year.
Hawaii	None.
Illinois	Legislative change - First year of 2,000 ($1,000) academic awards in 1980-81. Significant increase in student self-help component.
Indiana	Decentralization is being discussed. This would be an administrative change. There will be a bill proposed to legislature to package a state award after federal monies and give each student an equal purchasing power.
Iowa	None.
Kansas	Planning on instituting an on-line hookup with ACT for direct computer corrections, changes, etc.
Kentucky	The implementation of a toll-free education financial aid information hot line in connection with Kentucky's new Education Information Center.
Louisiana	Hopefully, increase in state funding.
Maine	To include part-time undergraduates. It is already in statute but will be phased in at that time.
Maryland	A new graduate nursing program will be added. More awards for graduate and prcfessional students will appear. First trial run in 1981-82 for reciprocity of awards with six to eight states.
Massachusetts	New Board of Regents assumes responsibility in March, 1981, for fall BHE program, including scholarship. 1981-82 plans not formalized at present.
Michigan	Award reduction plan for competitive scholarships and tuition grants based on anticipated funding shortfalls.
Minnesota	Legislative change - Maximum scholarship and grant award will be increased to $1,400.
Missouri	None.
Montana	N/A

SIGNIFICANT CHANGES PLANNED FOR PROGRAM
OR OPERATIONS IN 1980-81

State	
Nebraska	The changes are unknown at this time. They will be based on the status of the Nebraska State Scholarship Program. The SSIG Program will change from a decentralized (alternative match) program to a state funded centralized program.
Nevada	None.
New Jersey	Reducing out-of-state awards. Changing independent student eligibility.
New Mexico	None.
North Carolina	Depends upon the provisions of the Reauthorization Act now pending in Congress.
North Dakota	No major changes contemplated.
Ohio	None. However, agency will seek expansion of OIG program. Because of the economy and drop in state revenues, chances of success are slim.
Oregon	In the past, awards have been made year round. Because of significant increases in applicants and eligible students, there will be a priority cutoff date in 1981-82. Those applying after the date will be placed on an alternate list. Independent students will be considered using prior year income similar to BEOG, and the BEOG supplement will be used for base year charges.
Pennsylvania	No legislative changes. Administrative changes will depend on funding level.
Rhode Island	Change in formula for determining appropriation. Will apply to freshmen only in 1981-82. Should result in $500,000 additional to base $1.5 million appropriation.
South Carolina	None.
South Dakota	The department will substantially revise regulations governing the state's SSIG program. The change is administrative and is general towards less paper work involved in the awards process.
Tennessee	We plan to go to BEOG Student Eligibility Index rather than parental contribution as measure of need and possibly eliminate freshmen and renewal priority. Administrative change.
Texas	Awaiting passage of Higher Education Amendments to decide upon changes needed.
Utah	None.
Vermont	None.
Virginia	No legislative changes are anticipated for the 1981-82 award year. Administrative changes will be made as needed in order to improve the efficiency of our service. It is hoped that a new system of computer support for our programs will be in place for the 1982-83 award year.
Washington	There are no major changes in programs for the next year.
West Virginia	None.
Wisconsin	Anticipate additional cuts in state funding due to fiscal situation of state.
American Samoa	All awardees will attend local community college for two years prior to transfer to four year college.

COURT ACTION PENDING

State	
Alaska	Only in the collections area for 120+ day delinquent loans. Small Claims and District Courts, about 140 cases.
California	Cases involving overawards are handled in Small Claims Court and usually uncontested. Decisions have always been made in favor of the state.
Colorado	Denver District Court; to prohibit the distribution of state funds to students attending Regis College.
Indiana	1979-80; U.S. District Court; incarcerated person was denied the opportunity to submit an application for state assistance due to the Commission's "good moral character" policy. Case is pending.
Missouri	Missourians for Separation of Church and State vs. the Coordinating Board for Higher Education, et. al. (State Circuit Court). Plaintiff is challenging participation by nine church-related institutions of higher education.
Nebraska	Currently, the Nebraska State Scholarship Program (L.B. 743) 1978, is being tried in the Supreme Court of Nebraska. It was appealed from the District Court of Lancaster County in which the District Judge upheld the Attorney General's opinion that the law was unconstitutional. The plaintiff, postsecondary students from various institutional sectors, are seeking a declaratory judgement of the constitutionality of the Act requiring that the defendants, the Governor, Attorney General, State Treasurer, State Auditor and Commission Members implement, administer and enforce the Act.
North Carolina	Judgement claims against student loan defaulters too numerous to describe here. No court action under the grant programs for several years.
Texas	None, other then suits for judgement in loan collections.
Vermont	State Court; legality of one year residency requirement to be eligible for assistance from Agency.

WHAT SPECIFIC DECISIONS HIGHLIGHT THE PURPOSE OF "ACCESS" IN YOUR PROGRAM?

State	
Alabama	The $100 awards are sufficient to cover the cost of tuition at state/junior community colleges. Therefore, reasonable access is assumed.
Arizona	All Arizona residents who are attending full-time a properly accredited program in an Arizona institution are eligible for SSIG.
Arkansas	Proposed increase in the maximum award will enable the student to choose the college of his/her choice, public or private.
California	
Cal Grant B	Taking into consideration the student's low income and disadvantaged background in the selection process.
Cal State Graduate Fellowship	Needy graduate or professional students demonstrating academic ability who may be from disadvantaged backgrounds.
Colorado	Decentralized administration.
Connecticut	
State Scholarship Undergraduate Programs	Awards tendered on basis of ascending TFC to limit of appropriation.
District of Columbia	Students must only show financial and academic progress.
Florida	Students are allowed to attend the accredited Florida postsecondary institution of their choice and are selected on the basis of unmet need.
Georgia	The requirements of "substantial unmet need" and the purpose of the program to meet a portion of that amount to help assure "access" to some postsecondary school is emphasized on the application forms, brochures, etc.
Idaho	The decision to decentralize the SSIG program allows access to all students who apply for financial aid at any postsecondary school in Idaho.
Illinois	Extended deadline into award year. Half-time awards. Information Services Division.
Indiana	The age and citizenship requirements have made our awards available to a greater number of students.
Kansas	Open to all postsecondary institutions, including proprietary, AVTS, health education, and two and four year colleges.
Kentucky	The comprehensive SSIG program is operated as an access program.
Louisiana	Funds are allocated to schools whose financial aid officers determine recipients based on criteria established by state and approved by FAOs. Schools award as only one of their programs of student
Maine	Awards to all students with need.
Maryland	
General State Scholarships	State award combined with BEOG should provide access.
Senatorial Scholarships	State award combined with BEOG should provide access.
Proprietary School Grant	Hope aid combined with BEOG, etc., to give access.
Massachusetts	Use of parental contribution to determine recipients gives first priority to access to higher education for the largest group with choice of institution setting award levels.
Michigan	Available at public two and four year colleges and universities and nonprofit, nondegree schools. Based on relative need.
Missouri	We have expanded the program to include hospital schools of nursing and nonprofit area vo-tech schools.
Montana	Allowing schools to use SSIG in packaging awards.
New Jersey	
Tuition Aid Grants	Higher awards given to students with high financial need.
Garden State Scholarships	Demonstrated financial need required for selection.
Educational Opportunity Fund Program	Designed to provide an opportunity for higher education to disadvantaged New Jersey residents who would not be able to attend college without the remedial/developmental instruction, special services (counseling/tutoring), and financial assistance that are part of this program.

State	
Basic Scholarships, Incentive Grants, Public Tuition Aid Grants, "Old" Tuition Aid Grants	Supported students in public and private sectors of higher education.
Garden State Fellowships	Fellowship award of $4,000.
New Mexico	Student need.
North Carolina	
Student Incentive Grant	Program is directed to neediest students who apply within the deadline dates.
Legislative Tuition Grant	Designed by General Assembly to make private colleges accessible.
North Dakota	Access and choice go hand in hand since all schools are eligible and all students are assigned an equal budget.
Ohio	Priority to low income students. Larger grants to low income students.
Oregon	
Need Grant	The decision to always give priority to neediest students emphasizes and continues the state's commitment to providing access.
Cash Grant	The program assists high academic achievers with minimal financial need.
Pennsylvania	Subtracting only a portion of BEOG (rather than all) from computed need (rather than from State grant) allows high need applicant substantial Basic grant and State grant regardless of institution choice.
Rhode Island	Agency programs build on BEOG. Limited academic requirements. Need based. Many eligible institutions.
South Carolina	Coordination of Basic Grant and South Carolina Tuition Grants do not allow for overawards. More students assisted.
South Dakota	
State Indian Scholarship	Need as determined by financial aid officer and degree of Indian blood.
Tuition Equalization Grants	This program is designed to facilitate "access" to private higher education by helping to fill the void between public and private college costs of attendance.
Tennessee	In ranking, neediest students are assisted first.
Texas	
Tuition Equalization Grants	Need criterion.
Public Education Grants	Acceptance of BEOG need analysis. Use of need as basis of award.
Vermont	For students attending colleges whose charges are equal to or less than Vermont State Colleges ($3,350), we are able to award in combination with BEOG and parents' contributions so a student has no more than $1,550 remaining need.
Virginia	
College Scholarship Assistance Program	The CSAP is designed to assist the neediest students at both public and private schools.
Tuition Assistance Grant Program	Tuition Assistance Grant awards are available to all Virginia residents, regardless of their financial circumstances.
Washington	Eligibility was broadened in last two years to include students attending proprietary schools and students attending an institution outside the state under a tuition and fee reciprocity agreement. Also, applicants may apply as late as October.
West Virginia	The practice of ranking applicants on the basis of contribution rather than straight relative need assures access to a postsecondary school.
Wisconsin	
Tuition Grant Program	The TIP component of WHEG and the Indian Student Assistance Program.
Higher Education Grant Program	A component of the WHEG Program called TIP (Talent Incentive Program) provides supplemental awards to needy disadvantaged students.
Indian Student Assistance	The TIP component of WHEG and the Indian Student Assistance Program.
Wyoming	These are institutional decisions. If a school asks for the grants, the state provides them based on the

State	
Alabama	None
Arizona	All types of institutions are eligible.
Arkansas	It is our belief that the state of Arkansas can achieve its full economic and social potential only if every individual has the opportunity to contribute to the full extent of his or her capabilities and only when financial barriers to his or her economic, social, and educational goals are removed.
California	
Cal Grant A	Awards can be used at any school with a 2 or four year program which is eligible to participate in the BEOG Program.
Cal Grant B	Allowing students to choose among the various types of eligible postsecondary institutions for use of their grants.
Cal Grant C	Awards can be used at any school with a program of four months to two years which is eligible to participate in the BEOG Program.
Colorado	Inclusion of all qualified educational institutions.
Connecticut	
State Scholarship Undergraduate Programs	Awards based on cost of institution and are portable.
Contracted Stud. (Ind. Colleges)	Defined by each college.
Delaware	Reciprocity with Pennsylvania and New Jersey; considering agreement with Maryland.
District of Columbia	Students may attend any eligible institution in the continental U. S.
Florida	Florida Student Assistance Grant recipients are selected on the basis of relative financial need, thus students attending higher cost private institutions benefit.
Georgia	SSIG is not publicized as being the program which affords reasonable choice due to its inadequate funding. The use of actual school costs does, however, tend to broaden the "choice" to include the more expensive private institutions. The state funded Tuition Equalization Grant Program would fall into this category.
Illinois	Award limited to tuition and fees and $1,900 maximum. Transfer to another college permitted.
Indiana	Our Freedom of Choice Program has attempted to equalize student costs.
Kansas	
State Scholarships	Open to all postsecondary institutions, including proprietary, AVTS, health education, and two and four year colleges.
Tuition Grants	Legislative intent by passing legislation was to provide a choice to Kansas residents to attend private colleges without undue dependence on loan or work. Grant is equal to differential in public/private tuition less about $200.
Kentucky	Program provides for tuition assistance to students attending private colleges and may be combined with above (SSIG) into KHEAA Grant and is operated as a "choice" program.
Louisiana	Tuition and fees are a factor in budget.
Maine	Cost of attendance is the factor in figuring awards.
Maryland	
General State Scholarships	State awards are a precentage of need (33% or more) and this promotes "reasonable choice" if the colleges do their bit.
Senatorial Scholarships	Senatorial awards (if too small for more expensive schools) can be replaced by a larger General state award. Law does not permit holding both state awards.
Proprietary School Grants	Bigger grants go to more expensive educational budgets, so aids student to have choice.
Massachusetts	Strong effort made to establish reciprocal agreements with other states to offer students a choice of institution, as well as a modestly increased grant to those students attending more costly independent institutions.
Michigan	
Competitive Scholarships	Awards are available in three major educational sectors.
Tuition Grants	Limited, by statute, to private institutions.
Missouri	Awards are one-half prior year tuition and fees (maximum of $1,500).
Nebraska	None.

State	
Nevada	None.
New Jersey	
Tuition Aid Grants	Variable award amounts based on tuition charge in each educational sector.
Garden State Scholarships	Award amount ranges from $200 to $500.
Educational Opportunity Fund Program	Grant amount varies according to the institutional sector.
Basic Scholarships, Incentive Grants, Public Tuition Aid Grants, "Old" Tuition Aid Grants	The amount of the award varies.
Garden State Graduate Fellowship	Recipient can attend graduate school at any New Jersey institution.
New Mexico	Student need.
North Carolina	
Student Incentive Grant	Program uses relative need method to arrive at award up to a maximum.
Legislative Tuition Grant	General Assembly created this program to make the state's private colleges remain an affordable choice to those who prefer them.
North Dakota	
Tuition Assistance Grant	Law requires that this program be limited to four year private liberal arts colleges.
Student Financial Assistance	All schools except proprietary are eligible to receive students with state grants.
Ohio	Tables of grants. One table for public institutions; one for private. Table for private provided larger grants based on higher fees in the private sector.
Oregon	
Need Grant	Relating individual grant amounts to the cost of education at the institutions affords a choice factor.
Cash Award	Each individual grant amount is related to the cost of education at the institution which the student attends.
Pennsylvania	Considering only 30% of the BEOG as an offset when student attends school with tuition and fees in excess of $2,800.
Rhode Island	Budgets include varying institutional costs. Full portable. All types of institutions eligible.
South Carolina	The program was designed as a program of choice between public and private colleges. Direct state aid goes to public colleges. This student aid program provides assistance primarily for private college students.
South Dakota	
State Indian Scholarship	Early application. Suggestion of financial aid officer of institution of higher education. Board of review.
Tuition Equalization Grants	Awards are based on total costs of attendance and tend to "equalize" costs between public and private colleges.
Tennessee	The maximum amount of the grant ($1,300) relates to the tuition charged at the institution.
Texas	
Tuition Equalization Grants	Limitation to independent school students.
Public Education Grants	Use of uniform methodology.
Vermont	In addition to an Incentive Grant, students attending Vermont independent colleges can receive up to $1,100 additional in a tuition differential grant. Also, students can receive grants for attendance at out-of-state colleges.
Virginia	
College Scholarship Assistance Program	The CSAP awards are based, in part, on the costs of attending a particular institution. Higher cost institutions, therefore, generate larger awards.
Tuition Assistance Grant Program	The Tuition Assistance Grant Program is a tuition equalization program designed to lessen the difference between the tuitions at private and public institutions.
Washington	Complete portability of grants among eligible institutions.
West Virginia	The award differential enhances fredom of choice. Award limited to tuition and fees or $1,700. Students attending high cost schools may receive $1,700 whereas maximum public award is approximately $500.
Wisconsin	
Tuition Grant Program	Provides freedom of choice for students seeking private educational opportunities.
Higher Education Grant Program	The purpose of the Tuition Grant Program is to provide choice to Wisconsin students seeking a private school education opportunity.
Indian Student Assistance	Wisconsin Tuition Grant Program.

AGENCY SURVEYS OF CAMPUSES

STATES PREFERRING FALL DISTRIBUTION

State	Comments
Alabama	
Alaska	
Delaware	
Florida	
Idaho	See prior years figures.
Illinois	
Iowa	
Kansas	Spring figures would be estimates so no better hard data from us.
Maryland	
Massachusetts	
Michigan	
Minnesota	
Mississippi	
Missouri	Fall distribution is more useful for state legislative purposes, even though Spring data would be more accurate.
Montana	
Nebraska	
New Hampshire	
New Jersey	
New Mexico	
Ohio	
Oregon	
Rhode Island	
South Carolina	
South Dakota	
Tennessee	
Utah	
Washington	The survey should be conducted in late summer and report actual information for previous year, as well as estimates for the forthcoming year, for distribution at the fall meeting.
Wyoming	
American Samoa	

STATES PREFERRING SPRING DISTRIBUTION

State	Comments
Arkansas	
California	
Connecticut	
District of Columbia	
Georgia	Due to in-house workload characteristics, there is less staff time available for preparation of reports of this nature during the late summer and early fall periods. In addition, some of the statistics needed in order to make this report complete and comparable with other states is not available this early in the academic year.
Indiana	
Kentucky	
Louisiana	
Maine	More exact figures and better time to fill out questionnaire.
Mississippi	
Nevada	
New York	
North Carolina	
North Dakota	
Pennsylvania	
Texas	
Vermont	
Virginia
